Hello, Kurt. It was nice to see you last week. As you recall, I gave you a short memorandum that EPA had intended to provide the LWG along with our ARARs list but did not send it because we had not gotten the state's comments. I've attached it to this message. I am writing to ask that we discuss any comments you might have on this document as soon as possible. I'm sorry I failed to raise this as a to do at the end of our meeting. EPA will want to send it to the LWG soon to provide our rationale for applying MCLs and AWQC at the Portland Harbor site. Can you get back with me this week? Thanks much.
